2. Announcements & Discussion Points

- ∅ **Parking & Transportation updates**
 - i. English Building Addition-Lot C
 - Construction on English Building will cause closure of part of Lot C
 - We will have part of the curb cut so that delivery trucks can circle back around
 - We will lose approximately 34 parking spaces
 - We will be changing the location of the gate you use to exit the lot
 - Moving a number of dedicated spaces in the area
 - Closing Lot C completely in around 10 months to start construction on 5 story academic building
 - ii. Lot B Annex Building
 - Day after the December graduations, we will be demolishing the Annex Building
 - Closing all of Lot B to complete construction
 - We will be on vacation during all of this, so it shouldn't affect many faculty members
 - Estimated time of completion will be 4 days
 - This free space could become additional parking
 - iii. December Graduations-Dec 13th & 14th
 - We have 5 graduation ceremonies over the two day period.
 - iv. Transportation Infrastructure Improvements
 - The new Busbee Drive/ Stadium route has to turn left into 3305 Busbee and it is difficult for larger vehicles to make this turn without hitting something
 - a. We will remove the guard rail and flatten the median at the entrance to make this easier
 - We are planning to make a layover bus lane on the Marietta campus
 - We will have new bus shelters added at Hornet Village and Courtyard Apartments to replace the temporary ones
 - v. Zipcar Promotional
 - We are trying to encourage students living on campus to leave their cars at home
 - We will promote that if you opt out of parking, then you will get a free membership and a small credit on your Zipcar account
 - Essentially we will be paying students to opt out of parking
 - We have updated the Zipcar information on the website
 - vi. New Transportation Website
 - The new site will launch at the end of the semester
 - Charter requests are now wufoo forms online
 - Lists all the new routes/stops and frequency of arrivals
 - Has information on Cobb Linc and Zipcar
 - vii. Fall 2017 Free Parking in Marietta
 - We have looked at the aviation park behind the intramural fields
 - a. We would need a shuttle if we chose to do this location
 - b. We would need to install lights on a walkway to make it safe

- c. This is not an optimal choice
 - Opportunities on campus to add parking, but means the loss of green space
 - viii. Introduction of an Illegal Boot Removal Citation
 - Students are breaking/stealing boots that are on their cars
 - If you remove this boot, then you will get a larger fine
 - We could make a vote on this in January
 - SPSU used to charge \$600 if you took the boot, this is how much it costs to replace
 - Started a discussion on whether or not we should just tow the car
 - a. We would have to make sure we contact Public Safety every time we get a notification
 - These boots are given when students have 3 outstanding citations
 - Seems we decided to go with a fine of \$600 and this information will be posted on the website, not social media
