- ∅ **April 2016 minutes approval/edits**
- ∅ **September 2016 minutes approval/edits**

## 2. Announcements & Discussion Points

- ∅ **Parking & Transportation updates**
  - i. Tiered Parking Kickoff Meeting
    - We have not discussed price, but we are deciding what lots will make up the different tiers
    - Provided a colored map of the three tiers
    - Would faculty/staff be sharing parking areas with students
    - Talks of having commuting freshman or residents park off campus in the future
    - We will have a larger collaboration at Cobb Linc transfer stations in a few years
    - Parking options for faculty/staff that will split time at the two campuses
    - Lot C will be closing around Spring 18
  - ii. Possible Additional Parking in Marietta
    - Cobb Civic Center will work with us when we have special events and need additional parking
    - Also looking at the Sears outlet for possible off campus parking
    - Slot of land on campus that we could possibly use for about 35 cars
  - iii. Spring Big Owl Bus Service Improvements
    - We have received lots of feedback on the Kennesaw Marietta route
      - a. We will be able to add a fourth bus to this route by changing the other routes and freeing up one bus.
    - The Blue route is a long loop, so we are going to split it into two separate routes
      - a. One route will service the west side of campus and West 22
      - b. The other will go between U Club and the Education Building
    - The new Black route will service the East Lot and The Blake
    - We will have the Town Point Express loop in and out of the visitor lot to shorten the route.
    - The Gold route will change and no longer service Town Point
      - a. Chastain Pointe will no longer have to wait 30 minutes for a bus
      - b. This will solve the problem with the BOB ruining the pavement in the Town Point parking lot
    - The Green route will now have five buses because it will service: 3305 Busbee, KSU Center, Fifth Third Stadium, Park and Ride, U Pointe and Stadium Village
      - a. Like the rest of the routes, we will be attempting to go both ways on the street instead of large loops around Kennesaw
      - b. Changes could be made so that we don't have to make a left on to Chastain from Kennesaw State University Road
    - In talks of trading in the Trolley, that is rarely used, for two buses from NC State

- Could be adding a layover area for the bus, next to the Courtyard Apts. on Marietta campus
- Added a grocery route for the Marietta campus on Friday and Saturday from 12pm-8pm

∂ Updates from Public Safety

- i. No updates at this time

∂ Updates from Card Services

- i. No updates at this time
